

# SBB 3.3 release: Testing&feedback 18.07. and 25.07.

## Funktionstest auf Test / finales Feedback 18.07.

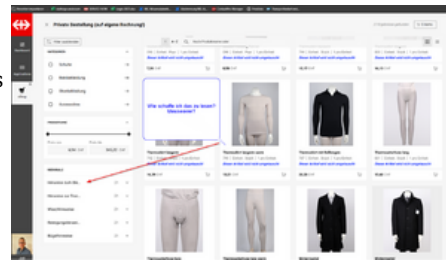

No.	Application name	Flaw	Status	Comment
1	Shop - Team order (EMA)	Added sizes cannot be changed		Shopping purpose right dependant: Selecting a non-default variant is enabled
2	Shop - Team order (EMA)	Product was fragmented, since SBB does not need it, it should be SP right dependent (fragmentation icon should only be there if this is set on SP, eg, different address or cost center, doesn't matter if product have or doesn't have variants)		also part of the task <a href="https://jira.b-op.org/browse/DEV-813">https://jira.b-op.org/browse/DEV-813</a> point 31
3	Team order widget	User Joël Hagmann (U243259) has an error on team order widget		
4	Personal order -EMA	On the checkout quantity cannot change		as explained in the meeting, in EMA quantity in the checkout cannot be changed because of the quantity limits

5 Personal order -EMA  
Quantity stepper cannot return to 0, only on the delete icon - desired behaviour is that user can go to ZERO with "-" button, which would practically mean that they removed the product (same as they would do with trash icon)

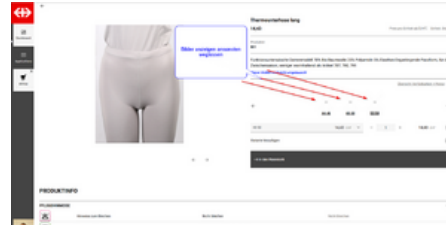

design first!

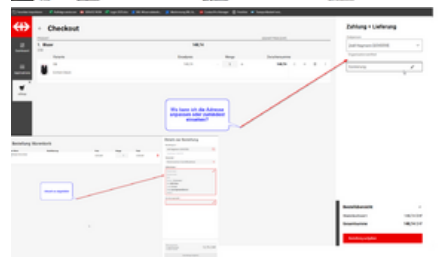

6 Private order  
Characteristics not readable, expend the text + mouseover

7

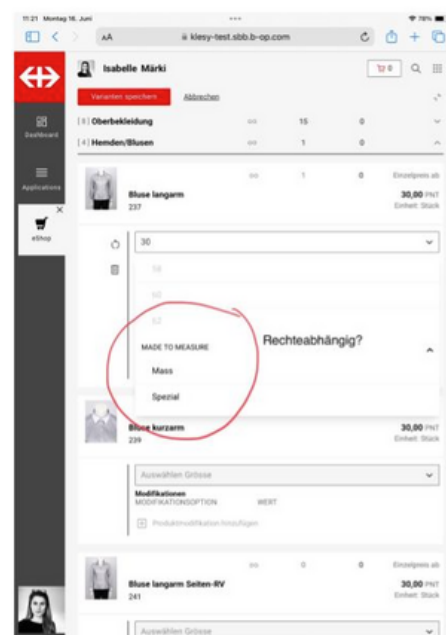

8

Delivery option was deleted from SP

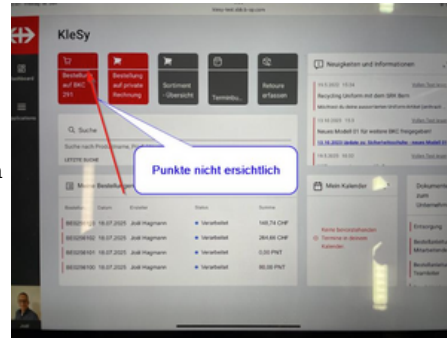

9 EMA  
Made to measure variants

ADM right dependant: Can order 'Made-to-measure' products

11 Activity entitlement widget

Points are not displayed in the entitlement widget  
Tested on yoga lenovo laptop  
Also, the tiles should always be square, and here are not

12 EMA

Title moves up when scroll (tablet) -> solution, Agreed, no changes 25.07. design agreed, because of the space, desktop works the same

□

25.07. design agreed, because of the space, desktop works the same
