

ZUGSEIL Seller side

ZUGSEIL Supplier side tools

ZUGSEIL offers a comprehensive portfolio of solutions that make digital selling more efficient and cost-effective — with no transaction fees, minimal investment requirements, and reduced time-to-market. Altogether, it enables your business to scale faster by:

- Enabling seamless cross-company digital collaboration
- Optimizing catalog creation and supplier collaboration
- Reducing transactional effort through ERP-to-ERP integration with your customers

Products for selling

ZUGSEIL's modular design allows it to scale from simple catalog creation to a fully integrated sales system, with comprehensive support for pre- and post-sales workflows. The available modules include:

- [ZUGSEIL SCALE](#) - The starting point for digital sales
- [ZUGSEIL MERCATA](#) - Multi partner catalog management tools without limitations
- [ZUGSEIL CATIE](#) - Digital category management for medium to large organizations
- [ZUGSEIL CONFIDA](#) - Professional inter-company configuration solution
- [ZUGSEIL TILA](#) - Point-of-Service tools with fully digital fitting rooms
